floortile

rockymountain™

With the natural colors and textures of its namesake, this unglazed porcelain paver has the strength and durability of stone. The color-through body resists staining, fading and harsh weather for a beauty as enduring as the American West.

Application Recommended for commercial and residential floors, walls, countertops.

Sizes 12" x 12", 6" x 12" and 6" x 6" sizes are 5/16" thick with cushioned edges.

Trim See below for available trim.

Test Results See below and page 43 for further information.

Complies with A.D.A. recommendations for accessible routes. Manufactured in accordance with ANSI A-137.1 standards.

product selection guide

Use this guide as a reference, or call 1-888-DAL-TECK for more information

| Stone Type | Tile Type | Substrates | Conditions | How to use this chart: |
|--|---------------|--|-------------------|---|
| Granite and All Other Stable Stones | Vitreous | Clean Steel | Other | Match condition, substrate and tile/store type to product. Recommended products will have a dot in each area. |
| Green Marble, Rosso Levanto and Black Marquina | Semi-Vitreous | Cutback Adhesive | Interior Walls | |
| Light/Translucent Marbles and Agglomerates | Non-Vitreous | Vinyl Floors | Interior Floors | |
| Impervious (Porcelain) | | Existing Ceramic Tile (Exterior Floors) | Exterior Walls | |
| | | Existing Ceramic Tile (Interior Floors or Walls) | Exterior Floors | |
| | | Cementitious Backer Units (Exterior) | | |
| | | Cementitious Backer Units (Interior Floors or Walls) | | |
| | | Gypsum Wallboard (Interior Walls Only) | | |
| | | Plywood Floors & Counters (Interior Only) | | |
| | | Concrete Masonry Block | | |
| | | | Dal-Level | Prep |
| | | | Dal-Patch | |
| | | | Dal-Waterproofing | |
| | | | Dal-Bond | Mortar |
| | | | Dal-Set | |
| | | | Dal-Floor | |
| | | | Dal-Polybond | |
| | | | Dal-Polyquick | Admix |
| | | | Dal-Poxy | |
| | | | Dal-Lastic | |
| | | | Dal-Acrylmix | Mastic |
| | | | Dal-Stick | |
| | | | Dal-Multi-Stick | |

Shaded areas above indicate a mortar/additive combination is necessary for proper installation with these conditions or substrates.
 † Primer U.P. must be used in conjunction with Dal-Level. ★ Only for interior installations of porcelain tile sizes 8" x 8" or smaller.
 ◆ Must use white Dal-Bond, or white Dal-Polybond for light colored or translucent marble. ✓ Only for interior installations of porcelain tile.

care and maintenance

Daltile products, for the most part, require minimal maintenance. Our glazed and unglazed tile, under normal situations, can be cleaned using clear water with a mild non-sudsing detergent. Always follow up with a rinse of clean water. It is a good idea once the floor has been rinsed to wipe the floor dry. Regular maintenance is recommended to avoid build-up of dirt, residue, grease, soap, detergents, etc.

- We do not recommend "acid cleaning" our tile products.
- For all floor cleaning operations, follow these basic procedures:
1. Sweep or vacuum surface
 2. Mix water with cleaning solution per manufacturer's instructions
 3. Allow solution to sit for three to five minutes
 4. Agitate with sponge or synthetic mop
 5. Mop up dirty solution

6. Rinse mop and change cleaning solution at least every 500 s.f.
7. Rinse thoroughly with clean water
8. Dry mop floor to remove moisture or pick up residue with a wet-vac

For tile with coarse or abrasive type surfaces, maintenance will have to be performed more frequently. Agitation will need to be more vigorous and changing of water more frequent. Proper cleaning of these types of tile is necessary for the slip resistance value to be maintained. Grease or water accumulation can create slippery conditions. Use common sense to avoid introduction of grease from dirty mops to your floor surface.

Contact your local Daltile Sales Service Center, or call 1-888-933-TECK, for more specific maintenance and cleaning instructions.
